Hi Carol.

I notified the folks at the Passaic River Institute that you and I would be doing a joint presentation at the Symposium. They said that's fine and doesn't screw up their schedule since they had us back to back anyway. That said they are wondering which abstract to use. Attached below is the one that I drafted up with David's assistance. Is this similar to yours? I'm open to using either - if you'd like to send me yours. Or we could try to rework the two into one but the people at the Institute have asked that we let them know which one we're using or submit a new one by Monday. Yikes. So please review the below and let me know if you'd like to use it, yours or something in between. I can probably get David to help if necessary. I'm off tomorrow but will be available to work on this. My # is Ex. 6 - Personal Privacy

Thanks!

Liz

Dear Dave,

That would be great. Thank you. Look forward to your abstract.

Best,

Meiyin

Dear David,

I am writing to follow up with the abstract submission. Again, if the timeline is an issue, I will be more than happy to hold places for you.

All the best,

Meiyin

Subject: Passaic River Symposium

Dear David,

As we're accumulating abstracts for the Passaic River Symposium we notice that there aren't any submittals from EPA, USACE, NJDEP and Louis Berger. I'm wondering if this is somewhat related to the pending release of the EPA Focused Feasibility Study and thus perhaps abstracts coming forward after the public release. We can work with you / hold places in our plenary sessions if this may be the case.

Thank you.

Meiyin
